

Depth and quality
to maximize your potential
for success

Founded in 1988, Matte Consulting Group offers professional services focused on the development of individuals and organizations. Because of our association with IIC Partners, we are able to help our clients from coast to coast as well as in 33 countries. Whether it is in executive search, psychometric evaluation, management coaching or career transition, it is the enthusiasm and insight of our experienced professionals that sets us apart.

Our firm

As a business partner, we commit ourselves to optimizing our clients' organizational performance through interventions combining depth and quality.

Our team consists of organizational psychologists and professionals with solid management experience acquired within different organizations. We are motivated by the creation of genuine and long-term relationships with our clients. As well, more than 80% of our assignments come from long-standing clients.
